

**A**

**B**

**C**

**D**

**This months video was a double bass pattern playing two strokes with the hands followed by two strokes with the feet. Focus on playing the strokes even and clean, starting slow and gradually increasing the speed. Heres a couple basic transcriptions from the video. Ex A is the basic pattern, Ex B - C is the pattern phrased around the toms, and Ex D is the pattern notated as 32nd notes. Have fun and explore the many ways to play this around your drumset.**
